

Product Number: 72

### Surface-Mounted Brush Smoke Seal

#### **Description:**

Surface-mounted black, brown, grey, or white brush smoke seals. Can be supplied either with or without polypropylene blade and with or without self-adhesive backing. 1050mm lengths or supplied in rolls up to 200m long. Backing 4.8mm

#### **Use:**

For use where intumescent seals are already fitted and smoke sealing is required. Panel pins are supplied for additional fixing. Brush seals without self-adhesive backing can be fitted into draught seal holders. Can also be used for sliding doors and windows.

#### **Ordering References:**

Surface-mounted brush seal can be supplied in 1050mm lengths, in a roll by the metre or as single or double door sets.

ES/SS 5	5mm Brush
ES/SS 7	7mm Brush
ES/SS10	10mm Brush
