

# Protecta®

The best choice to protect against the spread of fire

# 4 IN 1

1. **Fire Resistant** protecting your homes, schools, hospitals and office buildings.
2. **Non Toxic & Emission Free** not harmful to you or the environment.
3. **Durable** robust and designed to last.
4. **Excellent Coverage** saving time and money.

**Protecta® INTERIOR PAINT FR-1** is a hard-wearing interior acrylic paint, formulated to the highest specification and offering unsurpassed intensity of colour. All colours are water-based and provide a smooth, rich and non-reflective finish. It's perfect for a contemporary look and to hide surface imperfections. **Protecta® INTERIOR PAINT FR-1** is a one layer system that requires no primer, no top coat, is easy to use and very easy to clean up. Available in 3L and 10L.
